

## Olives in Brine

Having gone through their fermentation these olives are stored in brine and have a life of up to one year in ambient conditions. Available in tin containers of 10kg, are ideal for manufacturers and packers for further processing.

## Oils

The rich soil and sun of the Mediterranean gives our olive oils their distinctive colour and flavour to enrich our meals and daily wellbeing. Olive oil originated in Crete and became a synonym of Greek nutrition through the centuries. Cypressa olive oils are made from crushing the olives and then followed by pressing of superior olives, to create mouth-watering aromatic oil. Olive oil is rich in monounsaturated fat and vitamin E that contain outstanding health benefits; such as helping protect against heart disease, reduce blood pressure and assist in nourishing hair and skin. Cypressa oils are great for cooking, dressing salads or just on its own with some bread.

## Cheeses

We bring in the finest feta, halloumi and soft cheese from Cyprus, Greece and Denmark. Feta is a traditional and a well-known Greek curd cheese whose tradition dates back thousands of years ago being made in the Greek mountains with unpasteurized milk. Halloumi is traditional Cypriot cheese that has a high melting point so it can easily be fried or grilled.

| Code  | Product                       | Pack/Weight    |
|-------|-------------------------------|----------------|
| 10475 | Cypressa Greek Feta Cheese    | 12 x 200g      |
